

Welcome to Le Roma Samsara

www.leromahotelsandresorts.com

North Bangalore's Premier Lakeside Destination
for Corporate Offsites, Meetings & MICE.

Built for Business. Designed for People.

Le Roma Samsara spans 3.5 acres of pristine lakefront in North Bangalore — a destination thoughtfully designed for all things corporate offsites.

150+ elegantly appointed rooms and suites. Five versatile event venues. A capacity to host up to 1,200 guests. All within one estate that sits quietly apart from the city — without ever losing touch with it.

Memorable, stylish, and purposeful.
That is the Samsara standard.

Where teams come together.

At Samsara, the setting does as much work as the agenda.

Teams arrive as colleagues and leave as something more — aligned, motivated, and connected in ways a conference room alone rarely achieves. The calm of the lake, the openness of the spaces, and the ease of having everything in one place removes friction from the experience entirely.

Samsara is an estate engineered for the offsite experience, from the first to the final session.

Fuel That Matches the Day

Dining Experience

Samsara's culinary team works in harmony with your agenda.

Morning sessions start with energising breakfast spreads. Midday breaks land on time, with live counters and multi-cuisine buffets designed for seamless group dining.

Evening unfolds on your terms — a themed dinner, a lakeside cocktail reception, or a barbeque under open skies.

From curated all-day conference packages and energising tea breaks to live kitchen counters, multi-cuisine buffets, and immersive themed dinners — our culinary team moves in step with your event, not against it.

Vegetarian, Jain, and gluten-free menus are prepared with the same care as everything else. No afterthought, no compromise.

Dietary needs are never a challenge here.
